THIS NOTICE REPLACES ALL PREVIOUS NOTICES

The current water saving measures are not sufficient to provide to the winter rains water security. Breede Valley Municipality will implement Phase 3B water saving measures from Friday, 10 March 2017 (billing period) until further notice.

The use of drinking water is limited as follows:

- Gardens may not be watered using garden hoses or irrigations systems. Gardens may only be watered with buckets/watering cans but **not** between 09:00 to 17:00.
- Irrigation of parks and open spaces is not permitted.
- Swimming pools may not be filled.
- Sports grounds (including schools) may not be watered.
- The use of hosepipes for washing/rinsing of vehicles, buildings, structures, roads, pavements and paved areas is prohibited. Vehicles may only be washed using a bucket.
- The use of drinking water for the cooling of roofs is prohibited.
- **"Leiwater"** is discontinued until further notice.
- Businesses that are dependent on water for business purposes such as nurseries, car wash and other similar businesses are requested to investigate possible savings measures for implementation.

The water restrictions tariffs (higher rates as per Clause 2.4) are introduced as announced in the official tariffs. (Rates available on www.bvm.gov.za).

The penalty for non-compliance with these measures is R500.

Saving water is everybody's responsibility.
